Explanation of symbols

The sessions have varied numbers of papers. For example, if the Session x has 8 papers, and Session y has 5 papers; altogether for the Sessions x and y, there are 13 papers – the number that fits into time, allotted for afternoon block and evening block. In order to fit all the sessions, we had to split some of the session into subsections A, B, C, etc.

Thus, for example, 1 A and 1 B are split between afternoon and evening blocks (out of 8 papers, first six are presented from 15.00 to 18.00 and the last two, after a short break – from 18.30 to 19.30; the rest of the evening block is taken by Session 2 (5 papers, from 19.30 to 22.00). In the Time-Table, the sessions that share the same block and follow each other are marked with dash, for example, 1B-2 means that the remnant of Session 1, the 1B is followed by the Session 2.

Sessions within a single time block that are separated with comma go in parallel. We have tried to keep not more than six parallel sessions in each block.
